THE PERFECT BALANCE. DESIGN MEETS FUNCTION

We use our passion for design and technology to inspire and excite people all over the world. By applying our vast Know-How and over 150 years of experience, we ensure our products are not just beautiful to look at, but truly make life easier and more comfortable.

Responsibly made from fine and durable materials, Geberit products are a perfect balance of elegant design and outstanding function. They are easy to clean, easy to use and increase comfort.

Design Meets Function is the name given to this fusion of outstanding functionality with aesthetic design for the entire bathroom.

DESIGN
MEETS
FUNCTION

Geberit is a European market leader in the field of sanitary products, providing outstanding added value in sanitary technology and bathroom products.

Geberit is a global ambassador for quality with sales offices in over 50 countries and 29 production sites Worldwide. The headquarters are still based in Rapperswil-Jona, Switzerland, where Caspar Melchior Albert Geberit founded the company in 1874.

Over 12,000 employees are committed to providing customers with innovative, sustainable and durable products of the highest quality. Geberit prides itself on its strong competence for innovation, enabled and supported by the Group's wide-ranging research and development activities. Customers can rest assured that new products meet their needs – not to mention the very highest quality standards.

MULTI AWARD WINNING BATHROOM PRODUCTS FOR HIGH QUALITY DESIGN AND FUNCTIONALITY

OUR APPROACH

Sustainability has been an integral part of Geberit's corporate strategy since 1990, with the goal of using innovative sanitary products to continuously improve people's quality of life. To achieve this, Geberit develops sanitary products and services while taking economical, ecological and social aspects into account. As the European market leader, Geberit wants to contribute to a more sustainable sanitary industry.

OUR KEY FOCUS

Environmentally friendly, resource-saving, durable products are extremely important at Geberit. The key here is eco-design, with all products developed consistently in line with the eco-design principle since 2007: Seen across the entire product life cycle – from the provision of raw materials to disposal – each product must be better than its predecessor from an ecological perspective, without sacrificing on quality, functionality or durability. Eco-design covers all stages of this life cycle, thus contributing to the circular economy.

The Geberit Group received the Gold Medal from EcoVadis in 2025. This is the third-highest award given as part of the annual EcoVadis assessment. This places Geberit in the top 5% of all companies listed by EcoVadis – across all industries and countries. The award makes it visible to customers and suppliers that Geberit has a comprehensive, systematic and long-term sustainability management system in place.

PLACES TO LIVE IN

The bathroom continues to evolve from a predominantly functional space into a wellness sanctuary within the home. Once purely practical, the bathroom is now a place of expression and calm. Spa-inspired design elements like gentle lighting and calming palettes create an everyday escape that supports both relaxation and self-care while multi-functional layouts, wall-hung toilets and smart storage solutions maximise space and usability. Modern bathroom designs are layered with warmth, comfort and personality, helping to create a space where wellbeing and style coexist effortlessly.

A SANCTUARY FOR THE SENSES

SMELL

Geberit's Duofresh odour extraction, AquaClean shower toilet and Monolith sanitary module can clean the air by neutralising unwanted odours through replaceable carbon filters.

HEARING

Geberit TurboFlush technology delivers a powerful, but quiet swirling flush that cleans the pan thoroughly – even with low water volumes. TurboFlush's whisper quiet operation means no more waking the household during night-time visits.

VISION

Using a Geberit DuoFix frame behind the wall, to conceal the cistern, and choosing a Geberit wall-hung WC creates a clean, modern and minimalistic look.

TOUCH

Choosing a Geberit Rimfree® WC, with no hidden crevices, provides nowhere to hide for bacteria and results in an easier-to-clean and more hygienic toilet.

A QUIETLY IMPRESSIVE PERFORMANCE

- Geberit TurboFlush technology delivers a powerful, swirling flush that cleans the pan thoroughly - even with low water volumes, up to 10 times better than a standard flush.
- Whisper quiet operation: up to 30% quieter flushing
- 50-year spare parts guarantee, lifetime guarantee on ceramics

SEE TURBOFLUSH
IN ACTION

QUIETLY KEEPING THE HOUSEHOLD HAPPY

Geberit TurboFlush keeps your bathroom routine quiet, clean and effortless. Its controlled, powerful flush works smoothly in the background, so late-night visits don't disturb anyone. The system helps your space feel fresher and more comfortable, bringing a sense of calm to everyday life. It's a simple upgrade for your home and for the people you share it with.

PEACE OF MIND IN SHARED SPACES

Geberit TurboFlush helps take the "flush anxiety" out of shared bathrooms. The asymmetrical water guide creates a powerful vortex that clears the bowl up to 10 times better than a standard toilet, even with low water volumes. So you can flush once, quietly, and feel confident everything's gone – whether it's family, guests or housemates using the space.

RIMFREE®, EASY TO CLEAN PAN

Geberit TurboFlush works with a completely rimless Rimfree® pan, so there are no hidden edges for dirt and limescale to cling to. The guided flush washes the whole bowl, reducing the effort needed to keep it clean, even on a partial flush. Fewer awkward areas to scrub means more visible hygiene and more peace of mind day to day.

COMFORT

DUOFRESH MODULE

The ceramic honeycomb filter is easily accessible via the flush plate.

UNPLEASANT ODOURS IN THE TOILET ARE A THING OF THE PAST

It is completely normal to have an extractor fan over a hob in the kitchen to remove unpleasant odours and now the same principle is available in the bathroom. The Geberit DuoFresh module removes the air directly from the toilet, purifies it using a ceramic honeycomb filter and then returns it to the room. This is extremely effective, as it prevents unpleasant odours from spreading throughout the bathroom in the first place, rendering air fresheners, lighting matches and opening windows completely unnecessary.

Thanks to a proximity sensor, the odour extraction switches on automatically as soon as someone sits down on the toilet. The odour extraction is a great idea for guest toilets, and this feature can be further enhanced by using the in-cistern sticks which add a subtle, fresh fragrance to the room. The Geberit DuoFresh module can be easily installed in any Geberit Sigma cistern and can be combined with almost any flush plate from the Sigma range.

www.geberit.co.uk

EFFICIENT

The air is purified by the ceramic honeycomb filter.

QUIET

A quiet fan conveys the purified air back into the room.

ACCESSIBLE

The ceramic honeycomb filter and insert for in-cistern sticks can be easily accessed via the flush plate.

MIX AND MATCH

MIX & MATCH

We all have different tastes, which is why Geberit give you the option to mix and match the washbasins and furniture from the Acanto, Aniara, Geberit One and iCon ranges. You can choose a style of washbasin from any of these ranges and pair it with the style and colour of furniture to suit you, giving you, your own unique bathroom style.

WHEN DESIGN AND FUNCTION BECOME ONE

Geberit ONE offers a wide range of options for designing bathrooms that impress both aesthetically and functionally. Washbasins, bathroom furniture and mirror cabinets in various designs are perfectly co-ordinated with one another and can be combined to suit your individual requirements.

DESIGN

CLEANLINESS

USABILITY

COMFORT

ACCESSIBILITY

Design the bathroom that fits perfectly with your needs, from the washbasin, washbasin cabinets and low cabinets through to the washtops. Plan your storage space as generously as you want, make the most of your floor plan and create the look you like with perfectly co-ordinated components combined in a variety of ways.

MIX & MATCH

**QUALITY IN MANY FACETS
CONTEMPORARY AND HIGHLY
FUNCTIONAL DESIGN**

The expanded Geberit ONE bathroom furniture range offers a variety of design possibilities. The clever push-to-open drawer mechanism and soft closing ensures quiet running and gentle opening and closing. The lay-on washbasins can not only be positioned centrally on the washtops, but also asymmetrically. All materials and surfaces are moisture resistant.

KeraTect® glaze

The Geberit ONE wall-mounted taps offer freedom of movement, creating extra space on the washbasin surface whilst adding a simple and elegant brassware solution to your bathroom.

Choose from a rounded or geometric design, with an option of two finishes, Gloss Chrome and Matt Black, allowing you to finish a bathroom space perfectly suited to your desires.

TAP FINISHES

Gloss chrome

Matt black

The Geberit ONE mirror cabinet is impressive thanks to its aesthetic and practical advantages and its barely visible projection, it disappears almost completely behind the wall and offers more freedom of movement at the washbasin, giving your bathroom a spacious feel.

EVERYTHING AT YOUR FINGERTIPS IN THE MIRROR CABINET

Geberit ONE mirror cabinets are available in a wide range of models for designing the bathroom completely according to your needs and personal tastes. The storage space is behind the wall, keeping it clear and tidy, and allowing you to move freely around the washbasin.

The mirror cabinets are available in two versions, either with mirrored doors or with short doors which have an open, lit niche at the bottom, meaning regularly used items remain within easy reach even when the mirror doors are closed.

RAYS OF LIGHT

Geberit ONE mirror cabinets with ComfortLight will give you the perfect lighting at any time of the day;

- **Standard light** - Bright and refreshing
- **Work light** - Fresh and clear
- **Candlelight** - Soft and flattering
- **Orientation light** - Discreet and calming

The simple operation via touch, switch or app makes it easy to find the ideal lighting to suit you.

The innovative waste has been tailored to the design of the washbasins and is cleverly positioned at the back edge of the bowl to create more space in the drawers of the washbasin cabinet.

A magnetic attachment holds the cover exactly in position which can be removed with ease in order to clean the attached comb insert. The hidden overflow also allows the washbasin to be filled without risk of the water overflowing. Available in Gloss Chrome, Brushed Chrome, White Alpine and Matt Black.

The Geberit ONE washbasins with a classic waste have a ceramic cover with an integrated comb insert which can be removed with ease to clean. Also, thanks to space-saving technology, additional room is created in the upper drawer of the washbasin cabinet.

A special waste is required, please speak to retailer for more information

The wall-hung Geberit ONE toilet features an asymmetrical, completely rimless inner and TurboFlush technology which is not only more effective than a normal flush, but quieter too. The toilet seat and lid can also be easily removed with ease to clean.

-  Hidden wall mounting
-  Soft closing
-  Flush volume
-  Ground clearance
-  TurboFlush

GEBERIT ONE

CHOOSE A WASHBASIN AND FURNITURE TO SUIT YOUR NEEDS

Never has there been so much choice in washbasins, you can now choose your preferred style, matching furniture and even the style of waste. All washbasins are available with and without a tap hole.

STEP 1 - CHOOSE YOUR WASHBASIN DESIGN

CLASSIC

Available in the following width sizes: 50cm, 60cm, 75cm, 90cm, 105cm, 120cm.

SLIM RIM

Available in the following width sizes: 60cm, 75cm, 90cm, 105cm, 120cm.

LAY-ON RECTANGULAR

Available in 50cm width x 40cm depth.

LAY-ON BOWL

Available in 50cm width x 42cm depth.

STEP 2 - CHOOSE YOUR PREFERRED STYLE OF WASTE

INNOVATIVE WASTE

CLASSIC WASTE

STEP 3 - NOW CHOOSE YOUR FURNITURE DESIGN

If you choose a classic or slim rim washbasin you can select the two drawer complementary unit.

→ WASHBASIN CABINET with two drawers.

→ WASHBASIN CABINET with vanity basin in slim rim design.

↑ WASHBASIN CABINET with washtop for lay-on washbasins.

↑ WASHBASIN CABINET WITH ONE DRAWER
Combination of washbasin cabinet with one drawer, matching side cabinet, washtop and lay-on basin.

↑ CABINET WITH SIDE ELEMENT
The combination of washbasin cabinet with drawer and side element combines a light appearance with ample storage space. Glass or stone covers are optionally available.

You can also add an additional washbasin cabinet to your washtop with two drawers or choose a washtop with a practical towel rail.

↑ WASHTOP WITH WASHBASIN CABINET for asymmetrical positioning of washbasin and cabinet.

↑ WASHTOP for lay-on washbasins with a practical towel rail.

STEP 4 - THERE ARE SO MANY COLOURS TO CHOOSE FROM, SO YOU CAN REALLY CREATE A LOOK TO SUIT YOUR BATHROOM

FURNITURE COLOURS

BODY/FRONT

WASHTOPS

STEP 5 - CHOOSE THE FINISHING TOUCH

You can choose additional accessories to really complement your taste.

↑ MODULAR ORGANISATION SYSTEM

↑ ALTERNATIVE WASTE COVERS

↑ AUTOMATIC, RECHARGEABLE LED STRIPS.

You can also choose to customise your side unit by adding a cover plate, which are available in the following colours.

XENO²

Geberit Xeno² is a designer series offering you complete minimalism in your bathroom space. The internal smooth shape coupled with the sharp outer edges make this a real stand out design.

The full series has been carefully designed to include co-ordinating washbasins, furniture, mirrors and toilets, all of which will give your bathroom a contemporary edge.

DESIGN

CLEANLINESS

COMFORT

The unique inner shape of the washbasin is designed to reflect the shape created by the flow of water. With a choice of a full washbasin, or with a handy shelf space, and with a range of sizes, you can design the bathroom of your choice.

Geberit Xeno² slim rim washbasins are made of the solid surface material Varicor®. Together with the matching bathroom furniture, they are a unique specification which features washbasin areas that are both spacious and lightweight in appearance.

Hidden overflow

Solid surface material

Geberit Xeno² bathroom furniture perfectly complements the ceramic range, creating a minimalist modern bathroom. Washbasin cabinets are soft close, push to open for ease of use and have a smart clean finish.

The furniture has generous storage space, with practical features such as an internal mirror, anti-slip mats and integrated LED lighting.

Glass covers finish off the top of the washbasin and side cabinets to protect the surface, and they perfectly match the inner shelves of the freestanding cabinets.

Matching mirrors that can be activated by a sensor switch or with the use of a dimming function complete the look, and the anti-mist heating function ensures you'll have a clear view even in hot steamy bathrooms.

ACANTO

The versatility of the Geberit Acanto series means you can mix and match your products to create a bathroom that suits your own individual style and taste.

DESIGN

CLEANLINESS

USABILITY

MIX & MATCH

The washbasins from the Geberit Acanto bathroom series have smooth shaped inner contours for a timeless look. They are available in a range of sizes and with the option of a standard or slim line rim, available with or without shelf surface.

The short projection basins within the series are the ideal choice for an ensuite bathroom or when space may be restricted.

A special waste is required, please speak to retailer for more information

Compact option

Geberit Acanto bathroom furniture was designed after extensive research revealed consumers want the flexibility to choose bathroom products to suit the demands of their own lifestyle. Whether that be additional drawer space, under washbasin furniture, floor standing units or wall cabinets.

The innovative wall cabinet features a built in magnifying mirror and LED lighting, as well as a power socket, USB cable and handy storage boxes – all designed for ease of use and convenience.

iCON

The linear design and clear lines of the Geberit iCon series can fit flexibly within your bathroom for a dynamic modern look. Style your bathroom however you choose with this extensive ceramic range.

DESIGN

CLEANLINESS

COMPACT OPTION

Geberit iCon washbasins have been designed with clean, geometric lines along the outer contours, in a variety of thicknesses. The inner washbasin is spacious to give you extra depth, with the option for added toiletry space if you choose the asymmetrical shelf space design.

iCon basins are available in three different styles; standard, light and slim.

A special waste is required, please speak to retailer for more information

With modular, flexible combinations, illuminated mirrors, side cabinets and tall cabinets can be combined in many ways to create unique and effective solutions to suit your bathroom style and design.

The drawers on the Geberit iCon washbasin, tall cabinets and low cabinets are equipped with a soft-closing mechanism, and furniture also offers you ample and practical storage space.

-  Flush volume
-  Ground clearance
-  Quick Release
-  **Rimfree®**

Geberit iCon compact washbasins have been specially designed for small bathrooms to give you a number of solutions when space is at a premium. Shelves and tap holes are positioned to the side, whilst the corner handrinse basin design allows installation in confined spaces.

The modular concept of Geberit iCon allows you to select smaller furniture units to create storage space within a smaller area. Mirrored tall cabinets, washbasin cabinets with soft closing mechanism or shelving elements enable small areas to be designed and used to their full potential.

Moisture resistant

Soft closing drawers and doors

Compact option

The range is further complemented by a short projection toilet which means you have more available floor space.

SMYLE SQUARE

Geberit Smyle Square offers the complete bathroom suite for family bathrooms or ensuites; from washbasins with matching furniture to toilets and bidets, whatever you need to achieve a contemporary bathroom design, you can find here.

DESIGN

CLEANLINESS

COMPACT OPTION

Washbasins are available in a number of different sizes, to accommodate small spaces or family bathrooms.

The Smyle Square furniture range is vast, with washbasin cabinets, low cabinets, medium cabinets or a simple wall shelf, meaning you can mix and match the units, and style your bathroom to suit your space and needs.

Integrated handles which match the colour of the units and a modern matt surface furniture come as standard for a clean line finish.

FURNITURE COLOURS

BODY/FRONT

Sand grey, high-gloss coated

Lava, matt coated

White, high-gloss coated

Hickory, wood-textured melamine

Moisture resistant

Soft closing drawers

Compact option

The ceramic design of the toilets and bidets closely follows the design of the washbasins for a seamless modern bathroom style. With a choice of wall-hung or floor standing toilets with integrated Rimfree® technology, your bathroom becomes easier to clean and maintain.

ANIARA

MIX & MATCH

The Geberit Aniara Bathroom Series embodies both timeless design and rich diversity, making it the perfect choice to bring your dream bathroom to life. Our washbasins blend fluid shapes with clear, modern lines for a wonderfully balanced aesthetic.

DESIGN

CLEANLINESS

MIX & MATCH

Geberit Aniara washbasins are available in three different models, making it easy to find the perfect design for your bathroom. For an elegant look with clean lines.

MIX & MATCH

Storage space will always come in useful in your bathroom, so with a choice of under-basin units, wall units and floor standing cabinets you have various options to suit your space.

All furniture units have integrated handles for a clean, modern finish, and the under-basin units feature concealed inner drawers for your smaller bathroom items.

FURNITURE COLOURS

PIAVE AND BRENTA

The Piave and Brenta touchless Geberit tap systems take optimum advantage of the benefits of the installation elements. The only things to be seen in front of the wall are the drain and the infrared sensor. All of the controls are completely separate and are housed in a function box in the installation element, with the necessary connections already pre-installed.

CLEVER SEPARATION OF TAP AND ELECTRONICS

The lean and elegant appearance of the Piave and Brenta touchless Geberit washbasin taps is made possible by separating the electronics from the tap. The control is concealed in the installation element for the washbasin, which has already been pre-equipped for all connections.

SOPHISTICATED AND VANDALISM-PROTECTED DESIGN

The design of the new taps is also suitable for sophisticatedly furnished semi-public and public areas. Given that the Geberit wall-mounted taps are solidly anchored in the Geberit installation element and that sensitive components are in concealed storage, they offer only limited opportunity for vandalism.

GEBERIT AQUACLEAN

Water is indispensable for daily personal hygiene and wellbeing as it ensures you are cleaned gently and thoroughly.

The Geberit AquaClean range of Mera, Sela, Tuma and Alba shower toilets offer thorough cleanliness, wellbeing and gives you that confident feeling of freshness all day long, simply with the touch of a button.

The Geberit AquaClean shower toilets not only clean you with the adjustable arm spray but will give you a gentle dry too. Additional features, to name but a few, include odour extraction, user detection and a touchless automatic toilet lid – ask your local retailer for a demonstration and to find the model that suits your needs.

Details of all functions can be found online at geberit.co.uk/aquaclean-comfort

¹⁾ Via app only ²⁾ Lid only ³⁾ The user recognition is based only on the water heating.
⁴⁾ Cistern cover plate: white laminate (11) white glass (SI)
⁵⁾ Only in combination with Geberit Monolith.

Geberit Monolith sanitary modules give you the opportunity to fit a wall-hung toilet with state-of-the-art flushing technology for toilets. Your flushing is triggered by gently pressing the sensor buttons and a discreet orientation light that you can configure in seven different colours according to your taste and mood also shows the way to the toilet at night. An integrated odour extraction unit absorbs odours directly in the toilets ceramic so that your bathroom stays fresh at all times.

FUNCTIONS FOR GREATER COMFORT

The premium sanitary module Geberit Monolith Plus offers state-of-the-art flush technology for toilets. Flush actuation is triggered by gently pressing the sensor buttons. A discreet orientation light that you can configure in seven different colours according to your taste and mood also shows the way to the toilet at night. An integrated odour extraction unit absorbs odours directly in the toilets ceramic appliance so that nothing can diminish the freshness of your bathroom.

GREATER DESIGN FLEXIBILITY

The front cover made of safety glass is available in the colours white, black, lava and sand grey. The front cover is also available in a concrete or slate look stoneware finish.

The side cladding is beautifully matched to the desired front finish with an anodised colourless aluminium cladding complementing the white, sand grey and concrete look and cladding in black chrome to harmonise the lava, black and slate look finish variants.

SHOWER SOLUTIONS

The Geberit Setaplano shower surface feels silky smooth and warm to the touch

The high quality solid surface material is easy to maintain, as any small defects and scratches can be easily buffed out.

The solid surface and the edgeless inlet are both easy to clean as no dirt can accumulate in the inlet area. For added hygiene the comb insert can also be removed and cleaned effortlessly.

Geberit CleanLine is a revolution in shower drainage. Water drains away through elegant stainless steel collector profiles, meaning there are no hidden areas for dirt to accumulate which will prevent unpleasant odours. A simple wipe over the profile keeps everything clean and hygienic.

CleanLine available in a variety of finishes.

GEBERIT CLEANLINE80

Stainless steel Champagne Black chrome

GEBERIT CLEANLINE50

Stainless steel Black chrome Tileable version

GEBERIT CLEANLINE20 AND CLEANLINE60

Stainless steel

The Geberit wall drain means the drainage of your floor even shower is behind the wall rather than on the floor. Not only does this give you a minimalistic look, but it also makes it easier for your plumber to install a floor even shower and underfloor heating without interruption. All that remains visible is a small cover on the wall that can be easily removed for cleaning.. The cover is available in various surface finishes and can also be tiled to match the design of the wall, giving your bathroom a seamless finish.

COLOURS

GEBERIT FLUSH PLATES SIGMA
DESIGNS

**Rectangular, round or touchless elegance.
Uncompromising aesthetics and function.**

The Geberit flush plates from the Sigma series offer a wide range of designs and surface finishes. Whether with organic round or clear geometric flush buttons, all of the plates impress with high quality workmanship and easy, convenient operation. Exciting additional functions such as the odour extraction unit behind the flush plate, the touchless model and the option of designing a bespoke, customer specific plate are available as part of the Sigma range.

INNOVATIVE FEATURES

WALL-HUNG SOLUTIONS

VERY STRONG

Strength tested to bear a weight of up to 63 stone.

DURABLE

Installed 60 million times over the past 50 years,

HYGIENE: SIMPLE CLEANING

No exposed pipework for dirt and bacteria to hide.

TESTED IMPERMEABILITY

Individually tested to guarantee water tightness.

SIMPLE MAINTENANCE

Remove the flush plate for access to all important parts.

ACOUSTIC SOLUTIONS

Acoustic solutions with the Duofix frame mean it's all quiet behind the scenes.

KERATECT® GLAZE

KeraTect® Glaze - The Geberit KeraTect® special glazing ensures many years of protection for ceramic surfaces. KeraTect® is baked on as a special glaze and has a virtually non-porous and extremely smooth surface that can be kept clean easily and efficiently.

The properties of KeraTect®:

- Virtually non-porous and extremely smooth
- Dirt-repellent, hygienic and clean
- Very easy to clean and look after
- Durable and scratchproof

TURBOFLUSH

The innovative TurboFlush technology is based on a flow-optimised, rimless ceramic pan developed by Geberit, which enables extremely quiet and through flushing. And since the TurboFlush technology rinses the toilet cleaner than a normal flush, you almost never have to clean further.

SPECIAL FINISHES

With the addition of a selection of special finishes to an already large range of flush plates, your bathroom can be truly on trend. Choose from a selection of metal finishes such as black chrome, red chrome or brass or add a different texture to the bathroom with a glass, wood, slate or concrete flush plate.

DUOFRESH

It's easy to ensure weeks of freshness in your bathroom when you have an odour extraction unit fitted; simply pull the flush plate aside, insert the odour extraction stick and close the plate. Once there, the stick dissolves slowly and ensures hygiene and cleanliness with every flush throughout the entire toilet, as well as providing a fresh fragrance.

The odour extraction stick is suitable for most Geberit flush plates in the Sigma range and can even be installed at a later date.

RIMFREE®

Keeping the bathroom spotless is a must, because cleanliness and hygiene are so important, especially in the bathroom. Most people want to avoid harsh chemicals and no one wants cleaning to be a hassle. This is why Geberit have introduced the Rimfree® toilet so there are no more hard to reach places. Rimfree® has a completely new and patented flush technology. The flow of water is controlled just before it reaches the ceramic pan – the flush guide sends the water stream along both sides to the exact area where it is needed for a clean and thorough flush.

50 YEARS SPARE PARTS AVAILABILITY*

QUALITY GUARANTEED

Geberit concealed cisterns are now classics in modern bathroom installation. The proverbial Geberit quality ensures that you can always count on clean and thorough flushing of your toilets. Our one-piece, blow-moulded cistern can be easily accessed at any time, simply remove the flush plate for quick and easy maintenance.

PRODUCT CONFIDENCE

Due to extensive product testing Geberit offers up to 50 years spare part availability* for all working parts within Geberit concealed cisterns and flush plates.

This gives new construction or renovation the safety and security of parts availability for years to come.

THOROUGHLY TESTED

In the endurance testing labs, cisterns, filling valves, shower toilets, flush plates and taps are subjected to computer-controlled lifecycle testing.

150 cisterns are simultaneously evaluated at a rate of at least 200,000 flushes per cistern.

The results of short and long-term testing serve as a guideline for production release and country-specific approvals.

*25 years for Alpha, 50 years for Omega & Sigma
