

3X3 STANDARD

VERSATILE FOR ALL REQUIREMENTS

**KNOW
HOW**
INSTALLED

Public sanitary facilities with high user frequencies, for example at transit facilities, exhibition centres, sports facilities or shopping centres, are subject to high requirements. Reliability, hygiene, protection against damage, and ease of maintenance are the main focus here. The combination of high product quality and simple maintenance, together with the long-term supply of spare parts, forms the basis for straightforward operation and a long service life.

ENTRY

1

1 HYGIENIC AND AESTHETICALLY PLEASING WC SOLUTION

with: Geberit iCon WC – Geberit Sigma10 flush plate – Geberit WC installation element

- Rimfree® WC ceramic appliance
- WC seat ring and WC lid with SoftClosing and QuickRelease
- Automatic flush actuation after use
- Manual, touchless flush actuation possible

2

2 EASY-TO-CLEAN URINAL WITH ON-DEMAND FLUSH ACTUATION

with: Geberit Narva urinal – Geberit Type 10 urinal flush control – Geberit urinal division – Geberit Duofix urinal installation element

- Rimless urinal with spray head
- Automatic flush actuation after use
- Easy access to all functional parts

3

3 ELEGANT WASHBASIN COMBINATION WITH WATER-SAVING, TOUCHLESS DECK-MOUNTED TAP

with: Geberit iCon washbasin – Geberit Piave deck-mounted tap – Geberit Duofix washbasin installation element

- Slim, modern washbasin
- Touchless deck-mounted tap with intuitive operation
- Fully integrated thermostat function with high user convenience and scald protection
